

UTILITY CARTS

LPDUO

24" X 18" MULTI-HEIGHT AV CART

The Luxor Multi-Height AV Cart includes multiple leg sets. These give you the option to assemble your cart to the height of your choosing, between 16" and 42" tall. Available in your choice of a three-shelf version or a two-shelf version with a lockable cabinet, both versions offer an optional three-outlet, UL-listed power strip.

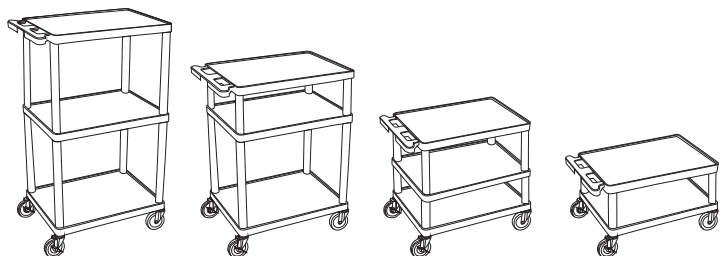

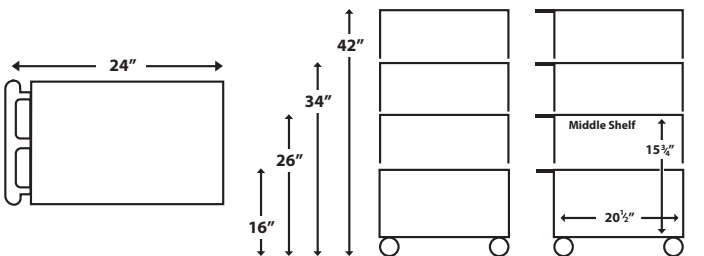

Highlights include sturdy shelves made from durable molded plastic that won't scratch, dent, rust, or stain. Each shelf offers a 0.25" retaining lip to help prevent contents from sliding off. Additional features include an ergonomic push handle for greater control when maneuvering the cart on its four 4", non-marring casters. And when you get to your destination, two locking brakes ensure stability.

DIMENSIONS:

- Overall: 26" W x 18" D x 16" to 42" H
- Shelves: 24" W x 18" D
- Power cord: 15'

FEATURES:

- Adjustable height
- Two or three spacious shelves with retaining lips to secure items during transport
- Ergonomic push handle molded into top shelf
- Optional all-metal lockable cabinet for secure storage
- Optional three-outlet, UL-listed power strip
- 4" casters; two non-locking and two with locking brakes
- Extremely durable HDPE shelves and PVC legs
- Holds up to 300 lbs., evenly distributed
